PARTICIPANT BRIEFING PACK

BRIDG3

HACKATHON

CONGRATULATIONS!

Welcome aboard to BRIDG3 Hackathon, a national blockchain hackathon in-conjunction with the inaugural Malaysia Blockchain Week. We have compiled this pack for you with all the crucial information you will need to prepare for the hackathon. If you have more questions, feel free to email us at syazzana@growthcharger.com with “Bridg3 Hackathon Participant” in the subject title.

Your tickets for Bridg3 Hackathon will be in the form of a lanyard card which you will receive during the event day at the registration counter. Please wear it at all times.

Charger

27th July

Day 1

0900 - Registration Open
0930 - Introductions
1000 - Maschain Workshop
1100 - Sui Workshop
1200 - Lunch
1300 - BGA Sharing Session
1400 - START HACK (24 hour
countdown)

28th July

Day 2

0900 - Breakfast
1200 - Lunch
1400 - END HACK
1430 - Team Pitches
1700 - Judging
1730 - Finalist Announcement
1800 - Hackathon End

31st July

Demo Day

0800 - Finalist Arrival
0900 - Finalist Pitch
1100 - Judging
1200 - Winner Announcement

@ Xsolla Curine Academy, KL Eco City

TRACK 1

MASCHAIN

Masverse is a Malaysian company focused on blockchain technology. They operate a Layer 1 public-permissioned blockchain called MasChain, designed to bridge the gap between traditional Web 2.0 and the emerging Web 3.0. Masverse also offers services related to blockchain infrastructure, smart contract development, and Web3 ecosystem building.

TRACK 2

Sui is the only Layer-1 blockchain designed for mass adoption. Leverage zkLogin to reach 3 billion Web2 users. Low gas fees ensure scalability without sacrificing user experience. Its unique data model and shared state enable powerful app and protocol integrations. Build beyond Web3's limits, build for everyone, today.

TRACK 3

BGA is a collaborative network of organizations, projects, and individuals committed to leveraging blockchain technology to solve global social, environmental, and economic challenges. BGA supports a wide range of partners/projects that align with their mission, including but not limited to financial inclusion, environmental conservation, healthcare innovation, educational advancement, and humanitarian aid.

TRACK 1

Growth Charger

MASCHAIN

Enhancing Fund Collection, Distribution, and Management with MasChain for Non-Profit, Social Impact, and Islamic Finance Sectors.

Develop a platform that leverages MasChain to revolutionize fund collection, distribution, and management in the non-profit, social impact, and Islamic finance sectors. Your solution should ensure transparency, security, and efficiency in handling funds for various use cases such as charitable donations, community projects, or business investments.

TRACK 2

Growth Charger

Build any application or tooling (MVP, prototype) that integrates with Sui Network on mainnet, devnet, testnet.

Projects must be relevant to Sui with the aim to leverage Sui unique features, capabilities and technology, such as: Object-centric model, zkLogin, Sponsored Transaction, Programmable Transaction Block (PTB), Transfer to Object, RPC, 3rd party services.

TRACK 3

*Stackable with other tracks

Growth Charger

Inspired by the United Nations' 17 Sustainable Development Goals, the BGA Track seeks to identify and reward innovative projects that use blockchain technology to address critical global issues

This track explores how blockchain can revolutionize industries like healthcare, energy, and education by promoting transparency, security, and sustainability. It also examines how blockchain can tackle global issues like inequality through financial inclusion and secure identity verification.

WINNERS EVALUATION CRITERIA

1. MVP/Solution/Prototype (50%)

Prototype (35%):

- Did the team build a working prototype or was it smokes and mirrors?
- Did the team do a live demo or show how they got their results?
- How well did the team use any data or other docs provided to them?

Development (15%):

- How much did the team build themselves vs use off the shelf software libraries?
- Was the technical achievement impressive given the limited timeframe?

2. Impact & Business Case (25%)

Impact (20%):

- How well does the solution solve the problem? Will the problem be completely gone if this solution was implemented?
- Is it a preventative or reactive solution?

Business Case for Implementation (5%):

- Have the team thought about how they are intending to roll their solution out, if so, is it a compelling business case? Assessment factors will include: development and rollout costs, timescale, difficulty of implementation dependent on the challenge and feasibility based on NR's internal governance and processes.

Track Winner

Solution	50%
Impact & Business	25%
Design	15%
Presentation	10%

WINNERS EVALUATION CRITERIA

3. Design (15%)

UI/UX (15%):

- How well has the product been designed from a user experience perspective?
- Does it flow well? Is it simple and easy to understand?
- Is the user interface modern and practical?

4. Presentation (10%)

Time (5%):

- Did the team finish their presentation on time? (5 mins pitch)

Understandable (5%):

- Was the presentation well delivered?
- How well did the team do to convince the assessors through evidence and delivery of their presentation?

HACKATHON RULES (VENUE)

No smoking/vaping within the building, all smoking/vaping area is outside the building.

No alcohol during the event.

Always ensure the cleanliness of the hackathon venue, be considerate to other participants.

Avoid actions that could lead to any damage or defacement of the property, including but not limited to walls, floors, and fixtures.

VERY IMPORTANT Don't be selfish, do not update or download software during the event as it will slow down the Internet connections shared by other participants.

(Please kindly Download, Install and Update all necessary software **BEFORE** event)

Please scan the QR Code to read the full terms and conditions.

ACTIONABLE CHECKLIST

- Join our Broadcast Channel
- Participate Online workshops (23rd & 24th July)
- Redeem Perks
- Bring Laptop
- Chargers and Power Banks
- Sleeping Bags
- Extension Cords
- Notebooks and Pens
- Personal Toiletries and Medications (if applicable)
- Reusable Water Bottle
- Valid Identification Documents
